

"I was impressed working with Five Rivers to bring Marjory Swope Park to reality and I know Five Rivers will need continuing strong support to steward the Park and other easements. That's why I joined the Conservation Leaders Society."

## LEAD THE WAY

You already know that Five Rivers Conservation Trust depends on supporters like you. And you can make even more of a difference by joining our Conservation Leaders Society.

When you join the Conservation Leaders Society (CLS), you join other generous supporters in making consecutive annual gifts of \$1,500 or more for three years or longer. This support helps ensure consistent and reliable funding, which in turn allows Five Rivers to expand and improve ongoing conservation efforts and to care for protected properties.

With your commitment, Five Rivers will increase the pace of conservation. As the only land trust focused on conserving land in New Hampshire's greater capital region, Five Rivers can protect more of our local farms, our recreation lands, and our beautiful landscape.

CLS Members are listed in our annual report and on our website, and are invited to an annual event for Society members. Leaders may also join the CLS Committee, a special group dedicated to expanding our members and supporting Five Rivers' mission.

CLS members may make one contribution annually or distribute contributions throughout the year.

For more information about joining Five Rivers Conservation Leaders Society, please contact Executive Director Beth McGuinn at 603-225-7225 or [beth@5rct.org](mailto:beth@5rct.org).
